

Pakistan Plane Crash: God Warns Obama Pt 2

This is a follow up to my last program which was about that plane crash in Pakistan which killed 127 people and which was also a warning to President Barack Obama not to interfere with Israel's right to defend itself. Since that program, I have come up with some very interesting statistics. I've done some research on the number of plane crashes going all the way back till 1970, and this is the only one out of 375 plane crashes which involved 127 fatalities. I covered more than 140 different airlines and the number 127, as we know by now, is also unique in Bible Prophecy.

That's because the number 127 occurs only in four places in Scripture. If you have watched my other videos, you know that God very often warns mankind not only through biblical numerology but also through contemporary events. But, how did He tie in those 127 people killed on the Pakistan plane crash with Bible numerology in order to give a very significant warning to President Barack Obama?

Let's look at the very first time the number 127 appears in the Bible way back in Genesis chapter 23, verse number 1: ***'And Sarah was 127 years old: these were the years of the life of Sarah.'*** The most important numbers which prophets use in End Times Apocalyptic Literature to indicate the End Times are the numbers 4, 7 and 12. That's because they are the last numbers in a time sequence. The fourth week in a month is the last week. The seventh day in a week is the last day, and a 12th month in a year is the last month. Now in Sarah's case, the 127th year was the last year in her life. Also, the number 127 is a combination of 2 End Times' numbers: 12 and 7, and that number 127 appears four times in Scripture.

Next, let's look at the first time the number 127 appears in the book of Esther. ***'Now it came to pass in the days of Ahasuerus, who reigned from India even to Ethiopia, over 127 provinces.'*** Thus we see this very important number 127 in the very first verse of the very first chapter of the book of Esther. Let's look at chapter number 8, verse 9: ***'Then with the king's scribes called at that time in the third month, that is, the month of Sivan, on the 23rd day thereof,*** (it's interesting because 23 is another End Times number because it is an expression, that is 2/3's, of .666, the number of the Antichrist) ***and it was written according to all that Mordecai commanded unto the Jews, and to the satraps, and the governors and princes of the***

provinces which are from India unto Ethiopia, 127 provinces, unto every province according to its own writing.'

The story of Esther tells how the evil Haman, who is a pre-figure of the Antichrist, plotted to kill all the Jews. This became known as the feast of Purim in Jewish history because Haman's plot was thwarted. The name Purim comes from "lots" because they were very superstitious back in Persia in those days and they wanted the most auspicious time to kill all the Jews and they decided it by casting lots. What is significant in the book of Esther is that Queen Esther persuades King Ahasuerus to turn the tables on the enemies of the Jews and he allows them to defend themselves and, in fact, the Jews make a great slaughter of their enemies.

It's interesting that the Persian Empire today would be the Nation of Iran. Esther, chapter 9, verse 30: ***'And he sent the letters unto all the Jews, to the 127 provinces of the kingdom of Ahasuerus, with words of peace and truth.'*** So all four times that the number 127 appears in Scripture, it has End Times significance. The death of Sarah and the three times that number appears in the book of Esther, which is a prophecy of the End Times. But how does that tie into the number 127 as far as the number of fatalities in that Pakistan air crash? Could it be that the Pakistan crash is just a coincidence?

Here is what proves there is a connection between the feast of Purim and that fatal Pakistan plane crash. The crash occurred exactly 44 days, almost to the hour, after the feast of Purim this past March. The Pakistan air crash in which 127 people were killed occurred at 6:30 p.m. on April 20th of this year exactly 44 days following the feast of Purim which began at sundown March 7th of this year. So why is the number 44 significant? As you my regular subscribers know, Barack Obama is not only our 44th President but he is the Leopard as found in Daniel chapter number 7:6 which has 4 heads and 4 wings. He is also the Lion as found in Jeremiah 50, verse number 44.

So we see that God is showing us there is a connection between the 127 victims in that Pakistan plane crash, the feast of Purim as found in the book of Esther, and with our 44th President. But what is the meaning of that connection? Now, a lot of people have complained to me that God would not kill 127 people just to give Barack Obama a warning to not interfere with Israel in the Middle East. In a way, you are correct. Satan is the one who killed those 127 people. God allowed it in order to give us a warning and remember, the same thing occurred in

the gospel with the Tower of Siloam. There were 18 people killed in that accident and Jesus used it as a warning to the people he was talking to. He said: ***'Those who died at the Tower of Siloam were not guilty anymore than the rest of you people in Judah, however, unless you repent, the same will happen to you.'***

Remember, Satan would like to cause all planes to crash. He would like to kill all of humanity. ***'He was a murderer from the beginning,'*** as Jesus said. This plane crash shows it is a matter of life and death. God's warning to Obama is very serious. As you know from my last video, Prime Minister Netanyahu gave President Obama a Megillah, or scroll of the book of Esther, on the feast of Purim. I believe that is the significance of this Pakistan plane crash. God was verifying the message which Prime Minister Netanyahu was giving our President. The message of Esther is that the Jews were allowed to defend themselves and they were allowed to destroy their enemies.

It's also very interesting that just this past December, Prime Minister Netanyahu began a Bible study class in his own Prime Minister's residence. Now, it is not the first time this has happened in the history of Israel. David Ben-Gurion did the same thing and also Menachem Begin. I sincerely believe that Prime Minister Netanyahu is beginning to realize that the survival of Israel depends on being *'one nation under God'* and the same thing goes with Barack Obama. He must come to understand that the survival of America also depends upon us remaining *'one nation under God.'*

And so, in conclusion, we see that God has sent a very ominous life-and-death warning to President Barack Obama and the United States in which he tied together, through the numbers 127 and 44, Bible prophecy, Prime Minister Netanyahu, the book of Esther, the feast of Purim, and Barack Obama's policy in the Middle East; and I am sure I do not need to remind you what happens when we ignore warnings from Almighty God. And incidentally, I would like to thank Pastor James David Manning for featuring my last video on his channel.
