

On Top of the Running Man is the Flying Man

This is the ninth program in my series on that amazing prophetic video called 'Gangnam Style' and I believe it is an End Times prophecy from Enoch. In my last video, we saw how the Antichrist will take over the world and he does this, not through military means, but by taking over all of the world's religions and he combines them into a One World Religion. In this video, the Antichrist is portrayed by Psy and the One World Religion is portrayed by his girlfriend.

On this program I want to talk about the words or the lyrics to Gangnam Style, and on the surface, it's a pretty ordinary love song, I guess you could say. It's about a guy who is trying to romance his girlfriend but the hidden meaning, of course, is much different because it is talking about the Antichrist and his bride, the One World Religion. And the title of this song, as it is transliterated so as to indicate this hidden meaning, is 'Open Gang man Style' and of course the gang man is the Antichrist. That's because he is the man of sin, the lawless one.

As we go through the lyrics of this song, Gangnam Style, we will find four major themes: the first is that the Antichrist and his bride, the One World Religion, are not what they seem to be. Outwardly, they are very moral and upright but inwardly, they are immoral. Second, their natures will become apparent with the passage of time and by the time the End Times come, we will see how evil they really are. Third, we will see that the Antichrist and his bride, the One World Religion, are very superficial; they prefer style over substance. And fourth, we will find that the Antichrist will rule the planet through his superior spiritual and mental capabilities.

So now, let's see what the Antichrist will expect of his bride, the One World Religion: *'A girl who is warm and humanly during the day.'* I think that means humanly as opposed to evil and *'during the day'* means before the reign of the Antichrist, in other words, when the world's religions are still in the light. *'A classy girl who knows how to enjoy the freedom of a cup of coffee.'* That's sort of an interesting phrase. I think that's the only kind of freedom that the One World Religion is going to allow. You're not going to have Freedom of Religion. And Psy continues: *'A girl whose heart gets hotter when night comes.'* Now the 'night' is the End Times and this girl changes; whereas she seems innocent before, she becomes an entirely different person after dark. 'A

girl with that kind of twist. I guess Psy is saying that his girlfriend, the One World Religion, is going to be a twisted sister.

Next, how does the Antichrist describe himself? *'I'm a guy who is as warm as you during the day,'* in other words, before the End Times, the Antichrist will also seem a very human type guy. *'A guy who one-shots his coffee before it even cools down.'* Well, that's kind of interesting. The Antichrist does not seem to be very much of the masculine type. He's not the type who's going to feed beer to his horses. Is he sort of a metro sexual? Maybe a bisexual? I tend to think so.

And the Antichrist continues: *'A guy whose heart bursts when night comes, that kind of guy.'* Well, we see here that the Antichrist also changes during the End Times. Once his reign begins with the One World Religion, he becomes a different kind of person. So, after this song's lyrics introduce us to Psy as the Antichrist and his girlfriend as the One World's Religion, we come to the chorus which is fairly simple and quite famous by now: *'Beautiful, lovable, yes you, yes, hey you, beautiful, lovable... now let's go until the end.'* Well, what end are we talking about here? Of course, Psy is trying to have intercourse with his girlfriend, and that's not unusual as far as popular songs go, but as far as the End Times prophecy of 'Gangnam Style', the 'end' refers to Armageddon. And, in this case, the Antichrist and the One World's Religion will rule the entire planet until Jesus returns.

In the next verse, we see a little more revealing of this type of girl which Psy wants his One World Religion to be: *'A girl who looks quiet but plays when she plays,'* in other words, there is a little deception here. The girl looks innocent but what she does in the night time is not so innocent: *'A girl who puts her hair down when the right time comes.'* The 'right time' is the End Times. *'A girl who covers herself but is more sexy than a girl who bares it all.'*

So we see a real deception here. She is outwardly a very sweet, innocent girl but at night time, in other words, in the End Times, her morals are worse than a stripper. That's exactly what the lyrics are telling us. *'A sensible girl like that.'* So, this is what the Antichrist considers to be sensible, to have a good outward appearance, to have the impression of holiness, and that's what the One World Religion will be. It will have all the attributes of a true religion but inwardly, it will be immoral and corrupt.

And now, let's look at how Psy continues to describe himself: *'I'm a guy who seems calm but plays when he plays,'* in other words, the Antichrist is also going to put up a false front. He will also seem innocent and holy but not so on the inside. *'A guy who goes completely crazy when the right time comes.'* The 'right time' is the End Time and that is when he rules the earth. Once he has fooled people into thinking he is an innocent person, then he goes crazy.

Remember, in the video 'Call Me Maybe' where Carly Rae Jepsen sings 'this is crazy' which also refers to the reign of the Antichrist; and think back to Nebuchadnezzar. and his seven-year time period when he goes crazy which also refers to the End Times period. So it is not unusual this 'crazy' description which Gangnam Style is giving to the End Times when we will go crazy. And Psy continues, *'A guy who has bulging ideas rather than muscles, that kind of guy.'* Well, this is exactly what I said in the last video. The AC is not going to rule the earth through military means, he is going to rule the earth through his mind, through his brain power. This is how the Antichrist will take over the entire planet.

So, up until now you might say, well, 'Gangnam Style' is just an ordinary song about seduction. A guy is trying to get his girlfriend to go to bed with him, let's face it. But, that is not the hidden meaning underneath, and these next lyrics tell a completely different story. And, a lot of people have wondered why these lyrics are included and I can tell you why: because this video is about the revealing of the Antichrist.

That is the only way these lyrics can be explained. *'On top of the running man is the flying man,'* and then Psy continues, *'I'm a man who knows a thing or two'* so, *'on top of the running man is the flying man'.* That is unique in all of song writing history but it does sum up the entire video as far as the revelation of the Antichrist goes. This is how the Antichrist will rule the planet. The 'running man' is how previous dictators tried to take over, that is through military means and through masculine confrontation.

The 'flying man' is the Antichrist. He is superior to the 'running man' just as the spiritual level is above the earthly, physical level. This upper level is the level from which the Antichrist will rule the planet. He will take over all the End Time religions and he will merge them into one One World Religion and this is how Gangnam Style is telling us that the Antichrist will rule the world.
