

## Thatcher's Death is God's Warning to Obama!

This will be just a brief program on the passing of former British Prime Minister, Margaret Thatcher and this is extremely significant for three reasons: first of all, of course, because she was the first female prime minister of Britain and secondly, because she was the Lioness as found in Daniel 7, verse number 4. There are not many people living today who are found in Bible prophecy; however, another is, our own president, Barack Obama. And the death of Margaret Thatcher is thirdly, a warning to Barack Obama. It's very interesting, for example, that she died on April 8th. In other words on 4 / 8. And Barack Obama, was born on 8 / 4. This is not accidental. God is tying these two events together. Margaret Thatcher's death is a warning to Barack Obama, because he is the third beast that comes up out of the sea in Daniel 7, namely the Leopard.

So, the first beast, the Lioness, Margaret Thatcher, has already passed on. The second beast, Dmitry Medvedev, who was the bear, has been replaced by Vladimir Putin as president of Russia. So now, next comes the Leopard, Barack Obama. Is it his turn to either die in office or be replaced? This is the warning that God is giving to Barack Obama through the death of Margaret Thatcher. Now, I want to take a quick look at this Lioness in Daniel because a lot of people do not understand this refers to a woman. Daniel 7, verse number 4. **'The first was like a lioness'**. Now, some Bibles translate this as *'lion'*, but I'm going to show you why that is incorrect, she must be a Lioness. First of all, since she comes up out of the sea, both the *'lioness'* and the *'sea'* are symbolic. In other words, this must be a human being, coming up from the *'sea'* of humanity.

And Daniel is setting up a contrast here because she **'had the wings of an eagle'** and **'I beheld till her wings were plucked off and she was lifted up from the earth, and stood upon her feet as a man, and a man's heart was given to her.'** So, the contrast here is either between a lion, that is an animal, given a human heart or a woman given a man's heart. And therefore, this must be a Lioness, that is a female lion, because this Lioness symbolizes a woman, just as the Bear and Leopard symbolize men. Both the *'sea'* and the *'Lioness'* are symbolic. This Lioness represents both a king (queen) and a kingdom, as do all of these beasts. That's why Daniel sees the beasts come up out of the sea, which indicates human beings, but the angel says they come up out of the earth, which represents countries.

So why Margaret Thatcher would have wings plucked off, I'm not sure, I don't know her private life; but certainly, as far as the nation goes, the eagle's wings plucked off represent the American colonies breaking away from England. So, in conclusion, Margaret Thatcher's death on 4 / 8 is a warning to our president. The first two beasts in Daniel 7 have either died or been taken out of office. Barack Obama, you are next, because the Antichrist brings down three horns, as prophesied by Daniel. And those three horns are the Lioness, the Bear and the Leopard.
