

## Subscribers Agree: Psy is Playing the Antichrist

This is just a brief follow-up program to my last one, where I talked about the end of the Antichrist as depicted in Psy's *'Dream of Goose'* video, and I got quite a few responses from my subscribers. Many of them discovered things in that video which I had not seen myself and I thought I would review a few of those because, really they are very interesting and they verify that Psy indeed is depicting the Antichrist in all of his recent videos.

First of all, I want to comment on 'Bullnutsoz': ***'In the Fat Boy scene'***, I think he means in the 'Fat Man, Little Boy' scene, the first scene in Gangnam Style, ***'maybe the pink umbrella indicates a mushroom cloud.'*** I think that's a very good observation. Let's take a closer look. There's no doubt, that this scene refers to atomic warfare, because the first two atom bombs dropped on Japan were nicknamed the 'Fat Man' and the 'Little Boy' and that pink umbrella sure looks like a mushroom cloud to me.

So, I would say that you are 100 percent right on that analysis.

And Francis Acevedo writes, ***'Notice on the Illuminati pyramid, each side, excluding the top has 12 lights. Does this refer to something significant?'*** Let's take a look. In this scene, where Psy indicates that the end of my life, in other words, the end of the Antichrist and he is cast into Hell, that's the significance of that human skull, there are indeed 12 lights on either side of the Illuminati pyramid, and we know

that 12 indicates the end times, because the 12th month of the year is the last month and the 12th hour of the day or midnight is the last hour the day, so I agree with you 100 percent, Francis.

And now here's another fascinating observation and this comes from Gladysn99. **'At 5:31'**, now she's talking about the 'Dream of Goose' video, **'they showed the CJ, (JC Jesus Christ backwards) and three paws, the Lion, the Bear and the Leopard, equals the four beasts'**. Well, let's take a look at that clip.

Certainly the CJ is very obvious, and that would be JC or Jesus Christ backwards, and that would certainly indicate the Antichrist, and the three paw marks undoubtedly represent the Lion, and the Bear and the Leopard. As I have said all along, the Bear, the Lion and the Leopard, which precede the fourth beast in Daniel 7, represent Britain, Russia

and America. They also symbolize the Three Kings which the Antichrist will bring down.

And in Revelation, we see that the beast from the sea, in other words the Antichrist is like all three of those beasts, they all support the Antichrist. In these End Times, all the nations of the world, including the three most powerful today, Britain, Russia and America, will all support the One World Communist tyranny. And so I would like to thank you, my three subscribers, for sending along those amazing insights into Psy's portrayal of the Antichrist. These are warnings and prophecies from Almighty God, that we are about to enter the three and one-half years of Great Tribulation.

And I received another very interesting e-mail this morning from April Gardner. Remember, she is the one who accurately predicted the birth date of William and Kate's child, and she reminded me that tomorrow August the 4th, is the date that the American embassies abroad will be closed, and that is also Barack Obama's birthday. He was born on 8/4, and he was born on that date in order to fulfill Bible prophecy, because that yields the number 444, and Obama is our 44th president, elected on the 4th November, and he is the Leopard in Daniel 7/6, which has four heads and four wings. None of that numerology is accidental. We are indeed living in the last times, and Psy is telling us that the Leopard, the Lion and the Bear will be conquered by the Antichrist.
