

## **EMERGENCY LANDING! 153 PASSENGERS! ALL SURVIVE!**

Now today I received a message from a YouTuber by the name of Michael who goes by the user handle of techroman8100 and he sent me this message: "Have you heard about the near plane crash in North Carolina? It had 153 passengers." Now as you may recall last month, there were three plane crashes involving 153 passengers and as I explained the reason for this is because Satan is attacking the number 153.

153 is the number of Hail Marys in a Rosary. In fact if you reverse those numbers you get 315 which is the chapter and verse in Genesis which explains how Mary will crush the head of Satan. Now this most recent incident occurred on Sunday August 9th when a Northwest flight 1546 evidently ingested some birds and had to make return to Raleigh, North Carolina Airport and make an emergency landing.

As I warned you in the last video on these plane crashes, do not get on any airplane associated with the number 153 because Satan is attacking these airplanes. A little over a month ago a Yemeni plane crashed with a 153 passengers. All but one were killed. A short time later, a Caspian airliner with 153 passengers crashed and all were killed. And just recently, an Iranian airplane with a 153 passengers also crashed and I believe there were 18 fatalities in that wreck.

Now I know some people will say, "Well, these planes were all the same," but they were not. The Yemeni plane was an Airbus 310, the Caspian airliner was a Tubolev, the Iranian plane was an Ilyushin, and this most recent incident involved an Airbus 320. So I don't know how many more plane crashes or incidents of this kind must occur before people wake up.

Now you won't hear about this in the news media. No one has made this connection yet on any other program that I am aware of, not in the media, not on YouTube, not on the Internet. If you want to see how much Mary is hated in these End Times, simply go on YouTube and do a search for "Virgin Mary." Just on the first page alone you will see at least five hate videos. No other woman in history is treated to such a degradation as the Blessed Virgin Mary.

The reason Satan hates the Blessed Virgin Mary and the number 153 is because he knows that the Rosary is what will defeat him and his Antichrist in these End Times. In conclusion, I want to make one comment: I am confident that at least one person on this plane that was saved yesterday was praying the Rosary perhaps even the pilot, but this information will not be made known to you. You need to understand for yourself exactly what is happening in these End Times.
