

## US Flag Falls at Olympics! God's Final Warning?

By now, I am sure many of you have seen that amazing clip from this summer's Olympics where the American flag fell. That was not a coincidence; it was not an accident. That was a warning from Almighty God. That was a verification that in Daniel 7, the Leopard is indeed Barack Obama. That was a verification that in Daniel 8, the Goat is Russia and one of the horns on the Ram which is crushed by the Goat, refers to the United States. That falling of the American flag was a verification that Russia will win World War III while Barack Obama is President and that he will provoke the Last King of the North, as found in Daniel, chapter 11, verse 40.

Let's take a look at that clip. First of all, as I am sure you noted, the American flag fell exactly at the time when the words of the 'Star Spangled Banner' read, '...our flag was still there.' If you think this was just a coincidence, I've heard there are some waterfront properties in the Sahara Desert you may be interested in. That was no coincidence! That was not an accident. That was a warning from Almighty God. You will never hear Anderson Cooper or 'The Today Show' or Stephen Colbert or anyone else in the mainstream media tell you the significance of the American flag falling. That is a prophecy of the fall of America in the very near future.

At the beginning of that clip, you saw Serena Williams at the left of your screen. She was standing on the top center platform accepting the gold medal. She is a very famous African-American athlete. All of those details are important because they are a verification of Bible Prophecy. In this case, she stands in for Barack Obama as the Leopard in Daniel, chapter number 7. The Leopard has spots, therefore, is both black and white. It symbolizes the mixed racial

heritage of our President. The Leopard is also given dominion, just like Barack Obama, and that is why Serena Williams was standing at the top center of the platform. She was a stand-in for President Obama.

I was very proud to see Serena Williams win the gold medal. I was very proud to see the American flag flying above the Russian flag and the flag of Belarus. I was more than a little disconcerted, however, to see the American flag fall because I knew right away that was a verification of Bible Prophecy about the fall of America to Russia. I knew that was a verification of Daniel 11:40 where the Last King of the South, who is Barack Obama, will lose World War III. This war occurs when we have an African-American President and that is what this Olympic incident is all about.

Please, wake up America! However, we need to remember that God reveals the future not to scare us but to prepare us. Yes, the falling of that American flag is a verification of Bible Prophecy that we will lose World War III to Russia while Barack Obama is President. It also verifies Mary's prophecy at Fatima that several entire nations will be annihilated, however, annihilation does not mean that everyone will die.

As Daniel says, it means that our power will be taken away and that will be a good thing. That is the only way our corrupt government will be defeated. I really don't believe the three R's of Ryan, Romney, and the Republicans can defeat the Leopard. The only three R's that can win this election are revival, repentance, and Mary's Rosary. Will America take up those weapons or will it take the fourth R, and that is Russia, to defeat our corrupt government because that is what this falling flag incident at the Olympics is telling us.
