

God Warns Obama Not to Provoke World War 3

It grieves me to realize that America the beautiful, will be burned with fire in one hour because the Whore of Babylon, in the Book of Revelation refers to Britain and America, and the Scarlet Beast which Babylon rides, refers to international communism, and we will be burned with fire, and our power will be taken away.

On this program, I want to report on two more amazing prophecies from God, which are warnings, specifically to America. Several YouTubers have asked me to comment on the crash of that Russian airliner yesterday, because there were 44 people killed, and as you know 44 is the number of Barack Obama and the United States in Bible prophecy. That's because, in Daniel chapter number 7, the leopard has four heads and four wings. That refers to Barack Obama because he is our 44th president. The leopard also refers to America, because we also have four heads and four wings.

The four heads being the four heads of government, the President, the Vice President, the Secretary of the House and the Supreme Court Justice. These four leaders are the four heads. The four wings in America refer to our four branches of the military, the Army, Navy, Air Force and Marines. Those are the four branches that are seated on the joint chiefs of staff. So those 44 killed on the Russian airliner refer to America and the destruction of America by Russia in World War 3. This is the same as the Whore of Babylon being burned with fire by the Scarlet Beast.

The 44 killed in that Russian plane crash refers to the demise of Obama and America. It does not refer to the demise of Russia. The eight who survived refer to Russia, because as you know, the eighth beast in Revelation is the final beast, and the eighth beast will be International Communism. That is the One World Communist Tyranny. The number eight also refers to the millennium, and those who survive in to the thousand-year reign of peace.

In the Book of Revelation, the Millennium is referred to eight times. Six times, as the thousand years of peace, and twice as the first resurrection, for a total of eight times. Eight, as you know in Bible prophecy is a number of completion. It's also interesting that among those eight survivors, they were divided into two groups, six adults and two children. Again, this crash in Russia of this airplane is a warning to both America and Russia. It is a warning from Almighty God.

The other warning from God to America, which involved me personally was my three-time appearance on Anderson Cooper's program on his Ridiculist. Of course, he was mocking me, but that is his job as a tool of the New World Order. Nonetheless, he was fulfilling Bible prophecy, very possibly, unwittingly. In fact this surprised me myself when I was on television for three weeks in a row. What could that refer to?

As you know, I refer to myself as the Third Eagle has found in Revelation chapter 8 verse 13, but the eagle flies through the air. That, in my case, refers to the airwaves. In other words, television and the Internet. The "woe, woe, woe," which the eagle cried out, refers to the three times that I was on Anderson Cooper's program. One of those three "woes" refers to World War 3. One of the three woes which it is my duty to warn America about, is World War 3.

Barack Obama is provoking communism. He started last November, when he sent the aircraft carrier into the waters around North and South Korea. North Korea attacking South Korea on November 23rd was the first salvo of World War 3. Barack Obama is expanding this war. He is expanding it in Afghanistan and Pakistan. He has expanded it into Egypt and Libya. Now he is expanding it into Yemen. Barack Obama is a man of war. He is not a man of peace. Remember the Nobel Peace Prize, so-called peace prize, which he accepted? He used the word "war" in that speech 44 times That was not accidental. God often warns us through numerology, in the Bible, and in other events which we see in our everyday lives.

And so, in conclusion, once more, God is warning America, but are you listening America? If you do not wake up, if you do not repent of your abortions, of your occult and of your greed, you will be burned with fire. That is what Almighty God is telling you. Therefore we have seen God give us two more very important warnings, just in the past few weeks, and I hope America, you wake up. God is talking to you. He is doing it in very unusual ways, but nonetheless, they are fulfillments of Bible prophecy. You are seeing prophecy fulfilled in your lifetime, and in fact 2011, I believe, will be one of the most significant years in the fulfillment of Bible prophecy.
