

Pope Francis and the Perverted Cross

The title of this program is *'Pope Francis and the Perverted Cross'*. And the reason I do quite a few videos on Pope Francis, is because we are at the time of the False Prophet, and we need to know: is Pope Francis the False Prophet of the End Times, or is he Petrus Romanus, a good pope, one who will lead the church and feed his flock during the Great Tribulation Period? And recently Pope Francis said a mass at Lampedusa, which is an island in the Mediterranean and which houses immigrants to Italy before they are processed and sent to the mainland. And this was actually a very kind gesture on the part of the pope, but during this mass he processed to and from with a very perverted cross.

(Pope Francis speaking in Spanish). Now this was probably not the pope's fault. It was probably handed to him by a local bishop, but in any event it was a very evil cross and I want to take a look at this cross, because this is not the cross that people will see in the heavens. This is not the great sign that will announce the return of Jesus Christ. Matthew 24 verse 30, ***'and then shall appear the sign of the Son of Man in Heaven and then shall all the tribes of the earth mourn and they shall see the Son of Man coming in the clouds of heaven with power and great glory.'*** But what will this sign be? Will it be a Star of David? Will it be a crescent of Islam? Will it be a torture stake, as the Jehovah Witnesses would like to have you believe? Will it be a sign of an Eastern religion, such as a ying yang, or maybe a satanic sign like the peace symbol? Will it be a square and compass of the Free Masons? Or will it be a skull and bones?

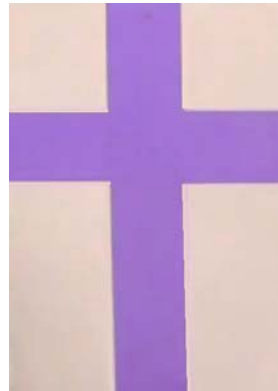

Of course, it will be none of those. The sign that will announce the return of Jesus Christ will, of course, be the sign of the Cross. Now Jesus said that all the tribes of the earth will mourn when they see his sign in the heavens, and the reason is because it will not be their sign. It will be the sign of the Cross. But it will also not be the sign of the One World Religion, because I am sure the False Prophet and the Antichrist will try to introduce a perverted cross and that cross will try to combine the true cross of Christianity with a false symbol, and we see in this cross, which Pope Francis used at Lampedusa, a combination of the true cross with the sign of Eastern religions and that is the ying yang.

This curved shape which forms the cross piece on this perverted cross is taken from a ying yang. No true cross would have this curved cross piece, and I'm not blaming Pope Francis. To be sure he does not look really very happy holding this perverted cross. Now the essence of this Eastern religious symbol, the ring yang, is that it expresses duality, that the universe is in conflict between black and white, between good and evil, between man and woman. And the black dot on the white and the white dot on the black means that there is a little good in the worst of us, and a little evil in the best of us.

Of course we know that the universe is not a duality. The universe is a Trinity, because it expresses the three persons of God, Father, Son and Holy Spirit. The ying yang fails to understand the nature of the universe. It is a perverse or lesser symbol. It does not equal the majesty of the cross. And I think you can see how the cross piece, on the cross which Pope Francis used at Lampedusa, is derived from the ying yang. Notice for example how the dark fish on the white background corresponds to the black dot on this white form and the white fish on the dark background corresponds to this part of the ying yang.

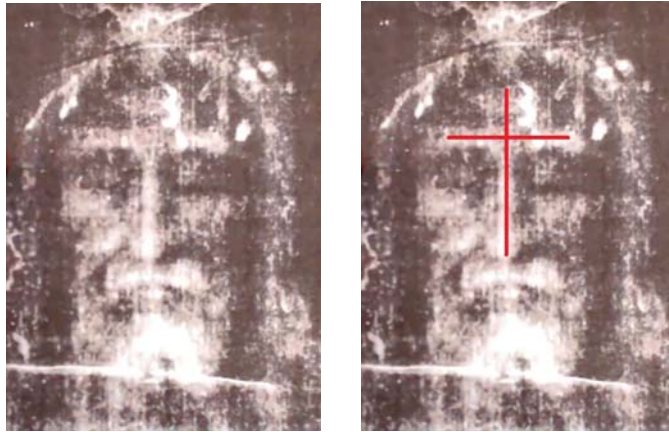

Next, this great and wonderful symbol of a true cross is the greatest symbol in the universe. Jesus paid for it with his blood. It symbolizes infinity.

This cross piece extended left and right, goes to infinity. The vertical section extended to its limit goes to infinity. Therefore it is an expression of the Divine, and this sign even predates Christianity. This is what the Israelites used to protect their homes during the Passover. They marked the 'Tau' in blood on their lintels and the Tau is equivalent to our lower case T in the English alphabet. In other words this cross is a Tau. This is the symbol of infinity and of the Divine, and in Christianity this cross piece, left to right symbolizes God the Father, because it represents stability. The vertical piece top to bottom symbolizes Jesus Christ, the second person of the Trinity. It represents the lightning strike from Heaven to Earth.

But there is a third part of the cross, and that's the invisible part, the part that goes front to back, the part that goes right through the middle of the cross. This is the part we cannot see, because we only see in two dimensions. And that part represents the Holy Spirit, the mystery of the third person of the Trinity. In other words the ying yang expresses a dual universe, a universe dominated by man, whereas the true cross expresses the Trinitarian universe, a universe created by the Divine Trinity of Almighty God, Father, Son and Holy Spirit.

And recently a subscriber of mine made an amazing discovery. She said a true cross is found on the face of Jesus in the Shroud of Turin. Now, I have studied the Shroud of Turin for many years, and I never saw this. Let's take a closer look at this amazing discovery.

This may not be obvious to everyone, but this cross is formed by the highlight of His nose, which is the vertical section and by the highlight over His eyebrows, which is the cross piece. Notice that both of these sections are straight as an arrow. Not only does the Shroud of Turin indicate that a true cross consists of straight pieces, both vertical and horizontal, but that there is a third piece front to back which indicates the Holy Spirit, and I believe that is the purpose of this number 3. The cross, a true cross, the sign that will announce the coming of Jesus' return to the world is a Trinitarian expression, an expression of the complete Trinity, Father, Son and the Holy Spirit. And so in conclusion, unless you want to be among the tribes that mourn the return of Jesus, I suggest you make a true cross the sign of your faith.
