

My Mark Taylor / Vatican Video Demonetized

This will be just a brief note explaining that YouTube is now demonetizing my videos, and I'm sure that will eventually lead to taking down my channel completely. And they have been demonetizing my videos for the last six months or so. It started about the same time all the videos on the conservative side have been censored but whenever I respond, then they remonetize. But this video, my most recent one, which was about **'Mark Taylor's Vatican Prophecy Decoded'**, they have decided that they are not going to monetize that particular video no matter how much I appeal. They don't tell me why, but of course, I know it's because they disagree with the content. And I know that because there are many other videos about Mark Taylor and his Vatican prophecy which ARE monetized! So, it has to do with my ideas and my expression and of course, they are, or should, be protected by the Constitution. But YouTube knows full well I am NOT going to hire a lawyer to defend my constitutional rights. I probably should but for a video like that, which is getting right now about 8,000 views, that means I will lose about four dollars of monetization; that's a small pittance of course, but it does help out with my expenses. And they know that; they're putting pressure on us and eventually they will take off my videos completely.

And now I want to talk about this wreck which occurred several months ago, in which the Trump train was almost derailed when it hit a garbage truck; and I think I misinterpreted it at the time.

And this has to do with YouTube and other social media censoring viewpoints which they don't agree with, which is totally unconstitutional, but it shows that totalitarianism is taking over this country. I was right about this train representing Isaiah 45, that's the number on the locomotive, and that's what it referred to because Isaiah 45 is a

prophecy about Donald Trump; but remember, the train was also smashed in the front and it could not continue on to its destination; it had to retreat to its point of origin. And I think that's significant and

after this train wreck, the Republicans were not able to defund Planned Parenthood; or at least they chose not to. So 500 million dollars of your tax money will go to fund an operation that slices and dices babies and sells body parts. And Congress knows all about this; and this country is going to have to pay for that abomination.

I also don't think Donald Trump will convert to Catholicism as I have been saying (1). I believe he should have last September 23rd. And I've been rereading Isaiah 45 very carefully and the Lord God says to Cyrus, who was a stand-in for Donald Trump: **'I will give you the hidden treasures and cancelled riches of secret places that you may know I am the Lord God of Israel'**. It doesn't say he WILL convert; it says that the Lord God is going to tell him and that he MAY convert, and I have a feeling that the time has gone past and we are now going into the Micah prophecy which says that Donald Trump will be our consolation when the Antichrist enters into our country. And I also misinterpreted the garbage truck which the train crashed into; however I got the name of the truck, **'Time Disposal'**, correct.

That obviously shows that 'time is disposed of', in other words, the 'end of time'. This was a prophecy from Almighty God about the End Times. The garbage truck symbolized the One World Government and the One World Religion and of course, it's full of garbage. The One World Government will be smashed by Donald Trump, as prophesied in Isaiah 45. And the garbage truck also symbolized the One World Religion because the one person killed in the truck: his name was Christopher Foley. He represents Christ; in fact 'Christopher' means

'Christ bearer'. In other words, the truck was both Anti Christian and it symbolized the One World Government as well.

But, as I say, the train was also smashed in. And I think it's very likely that Trump will be impeached; I think he will lose both the House and the Senate. The Republicans are not doing what they were elected to do. Donald Trump is unable to carry out the most important part of his platform, and that was the defunding of Planned Parenthood. And therefore, I guess my message is not too happy on this Easter Sunday and I think I am going to be spending more of my time writing my book rather than doing videos which will soon be deleted anyway. And what I'm doing is writing a textbook about the prophecies in the Old Testament and the New Testament about these End Times. And you will need them when you go to your places of refuge. We will have to be protected against the Antichrist because, as Micah says in his chapter 5, Donald Trump will only be our 'consolation' against the Antichrist.

1) I now live stream a daily Rosary on YouTube that Donald Trump WILL still convert to Catholicism.
