

2018 (6+6+6) Year of the Antichrist?

Happy New Year everyone! It has started out very cold up here in the foothills of the Adirondacks: it was 25 degrees below zero this morning and on New Year's Day it was minus 33 degrees at my house. So, I'm looking forward to a January thaw. And I am promoting the March for Life this month and I hope as many of you as possible can attend. I would like to myself, I went about 25 years in a row, but lately I have felt it a little bit beyond my capabilities. And on this program I want to talk about the possibility of the Antichrist going public and the reason I say that is because this is the year 2018 and 18 is another expression of 6 plus 6 plus 6 and 666 is the number of the Antichrist in Bible prophecy. And in the book of Revelation, John speaks twice that you need **'wisdom and understanding'**. Those are the only two times he uses that phrase and both times he is talking about sacred numerology. So it's very important for us to understand the meaning of 666.

And I've explained many times before that 666 is derived from the fraction $\frac{2}{3}$ which indicates man before or over God, and which yields the decimal 666, as we all know. And the decimal which defeats that is derived from the fraction $\frac{3}{2}$, when you put God in His rightful place over mankind, and you get 1.5 or 15. Since we don't count decimals in Bible prophecy, 15 expresses 5 plus 5 plus 5 and that simply means that Mary's Rosary (555) is going to defeat the Antichrist (666). In other words we are involved in his defeat, however, in Bible prophecy, we don't know exactly when the Antichrist arrives; the Bible does not give a date but it does give a sequence. In Daniel, chapter number 7, we know there are four Beasts which come up out of the sea: the first Beast is a Lioness, the second is a Bear, the third is a Leopard, and the fourth, and final Beast, is the Antichrist. And we know the first three Beasts have already come and gone. The first Beast was, I suspect, Margaret Thatcher; or it might refer to Queen Elizabeth. The second Beast, the bear, was Dmitry Medvedev and, of course, the third Beast, we all should know, was the Leopard, Barack Obama! And I told you this amazing fact 9 years ago when he was running for president the first time. So the first three Beasts have come and gone and all we are looking for now is the fourth Beast, the Antichrist.

And there is also a sequence in the book of Revelation which tells us when the Antichrist arises in relation to the False Prophet. The Antichrist there is described as the **'beast from the sea'** but before he

comes on the scene, **'Wormwood' arrives**, and 'Wormwood' is John's term for the False Prophet and we know the False Prophet is already on the scene, because he is in fact, Pope Francis (1). So we are due for the Antichrist and the question is: will the Antichrist arrive on the scene this year? I have a suspicion that he won't, but I am not guaranteeing that. There are two other prominent people involved in End Times prophecy and that would be the two prophets, Enoch and Elijah. Will they arrive on the planet, preach for 3 1/2 years and then be assassinated before the Antichrist arrives? Well, we know from Bible prophecy that they are killed by the **'Beast from the Abyss'**, not the Antichrist. Thus many important End Times events could occur before we ever see the Antichrist. By the way, don't listen to the false prophets; the Beast from the Abyss is the One-World Government and that is on the scene already, but there's nothing which says that the Antichrist may not be on the scene before the two witnesses are assassinated.

So, I can't tell you exactly the sequence as far as they go. If the Antichrist comes on the scene and attacks the United States, which he is prophesied to do, will Donald Trump be able to defeat the Antichrist with our help? Let's see what Micah, chapter 5, verse number 5 says: **'And this man** (now, I've been saying all along that 'this man' is Donald Trump) **shall be our peace when the Assyrian**(now the 'Assyrian' is both Isaiah's and Micah's code word for the Antichrist) **shall come into our land**('our land' in this case is not Israel; I believe 'our land' refers to the United States because Micah 5 is talking about Donald Trump) **when he shall set foot in our houses** (this invasion by the Antichrist is going to be very pervasive. Some Bible translations say, instead of 'houses', they say 'fortresses', but either way, it will be a devastating attack) **and we** (that shows you that 'we' are involved in this battle) **shall raise against him** (against the Antichrist) **seven shepherds and eight princes'**. So these 15 individuals will be our leaders; but also look at that numerology: seven plus eight equals fifteen and as I just told you, that symbolizes Mary's Rosary. And the only way Mary's Rosary is recited is through OUR prayers: that's the WE part. Micah, chapter 5, verse number 6: **'And they** (this does not refer back to the 7 shepherds or 8 princes. I suspect they symbolize Trump's generals or his military) **shall feed the land of Assyria with the sword and the land of Nimrod with the spears thereof** (this would be the land that the Antichrist comes from, and we'll talk about that in a second) **and he shall deliver us from the Assyrian when he shall come into our land and when he shall tread in our borders.'**

So next, let's take a look at an image of the Antichrist; I've showed you this before, and it's very interesting: this was in that murmuration of birds video, and it's still on YouTube, you can still find it.

I've talked about this many times before and I believe the Antichrist is this central figure here, the one who looks like a clown. This figure on the left, most people say, is Putin. I am beginning to see this one as Pope Francis. And of course, over here, on the right, we have a demon and that would be Satan. In other words, this represents the Unholy Trinity of the End Times. I have suggested that the Antichrist would be Erdogan. His facial features are similar to the features of this central image here. But it could be this is simply telling us that the Antichrist is a clown. So I'm not saying positively that is Erdogan. Notice that the Antichrist shares an eye with Satan.

And the reason I mention that is because we have another image of the Antichrist, and this is from a Vatican logo from the 'Year of Mercy', and I've showed you this before. And this is not Jesus: I believe this is an image of the Antichrist. I mean, that's not who they say it is. Notice the shared eye with this figure that he is carrying. This figure he is carrying is feminine; very much like the feminine figure of Satan in the bird murmuration video, and I've already mentioned the shared eye. So

it could be that the Antichrist is going to look like Jesus; I think that's what this Vatican logo is telling us.

So in conclusion, I'm not saying the Antichrist is going to come this year; I don't know. I think we may very well see the Daniel 9 war first which affects Israel. The Jewish teenager, Natan, said that would occur last year but through our prayers and sacrifices we have held it off. If it occurs this year you can be sure the Antichrist will be close behind. And on the next program I want to talk about the fate of the Catholic Church in this New Year 2018.

1) Although I see Pope Francis as the False Prophet, that determination could change because I also believe he could still convert. We may not be 100 per cent sure of the identities of either the AC or the FP until after they are cast alive into the lake of fire.
