

The Real Reason Obama Betrayed Israel

On this program I want to discuss the reasons why Barack Obama betrayed the nation of Israel at the United Nations last week. I do not believe it was an accident that the president torpedoed the Middle East peace prospects.

When Obama makes an important decision such as this, you can be sure, that it is really his New World handlers who are behind this change in policy. It is the New World Order that wants to create division between Israel and the United States. I believe this also indicates that the Antichrist is coming to power on this planet. He is already working behind the scenes to foment World War 3.

World War 3 will be between the United States, Great Britain and Russia. These are the three horns which the Antichrist brings down. They are known as the two horns on the ram and the single horn on the goat in Daniel chapter number 8. They are the same as the bear, the lion and the leopard in Daniel chapter number 7. These three horns are symbolized in the book of Revelation by the scarlet beast and the whore of Babylon. The two 'is fallens' in the whore of Babylon refer to Great Britain and United States. The scarlet beast of course, indicates International Communism.

So why would the Antichrist want to put division between the United States and Israel? I believe there are two primary reasons. First, Israel is a formidable nuclear power on her own. It will be difficult enough for Russia and China to defeat Great Britain and America in World War 3. Secondly, the Antichrist knows that he must bring his final One World capital to the city of Jerusalem. He wants Israel to be neutral in World War 3.

Now I don't believe Obama had a clue as to what he was doing at the United Nations last week. He undoubtedly thought that he was currying favour with the Muslim nations. He undoubtedly thought that he was gaining leverage in the war against terrorism. Unfortunately Obama is destined to lose the war on terror. If you are familiar with the Triple Crown horse race prophecies of last year, terrorism will defeat Barack Obama.

And what will happen to Europe in World War 3? I predicted Europe will pretty much be out of World War 3, because they will give their kingdom to the beast as prophesied in the Bible. The revived Roman

Empire is part of the scarlet beast in Revelation. They also hate the harlot. They join in bringing fire down on England and America.

This scarlet beast is the last and final One World Communist tyranny. This is the eighth beast in Revelation, the fourth beast in the book of Daniel and the feet of iron and clay in Daniel chapter number 2. This final beast will rule the entire planet, and the Antichrist will rule this final beast.

So I am prophesying to you today, that you will see ever greater division between the United States and Israel in the following weeks and months under the Obama administration. When it reaches the point that Israel no longer trusts the United States, and some people believe we have reached that point already, then Israel will not be willing to stand with the United States and Great Britain against Russia and China in World War 3. This increased attention between Israel and the United States will be a sure sign that World War 3 is about to break out.
