

When Does God Stop Forgiving?

This will be a follow up to my last program on that evil and satanic logo which the Vatican has adopted for the so-called "Year of Mercy" which Pope Francis initiated last week on the Feast of the Immaculate Conception. And this time I want to talk about the evil and almost as satanic slogan of the New Year of Mercy and that is "*Almighty God always forgives*"; that is false and it's not biblical. Where is that found in Scripture?

They have left off the most important part and that is; God forgives if we repent and even then, we do not always forgive. I am sure that those of you who are parents know that sometimes you do not forgive even your own children. Sometimes you punish them instead. Maybe you remember when Peter asked Jesus "***how often do I forgive my neighbor, seven times?***" And Jesus responded: "***Nay, I tell you seventy times seven.***"

But still there is a limit even for God Himself because Jesus was referring to the prophecies of Daniel. From the time that Artaxerxes gave the command to restore and rebuild Jerusalem, there is only 490 years to the time when God stops forgiving. Now there was a gap there following Jesus' crucifixion and that four hundred and ninety years will resume during the reign of the Antichrist and then we'll only have three and one-half years. What we need to understand is if we do not repent ahead of time, ahead of our Lord's return at Armageddon, then we will be cast into the lake of fire because God does not always forgive. That is the reason for that four hundred and ninety years limit.

After seventy times seven, Jesus stops forgiving. That's why all the tribes of the earth mourn when our Lord returns and that is what Pope Francis and the Holy Year of Mercy is forgetting to tell you. They are not giving you true prophecy of the End Times and that is my job, of course. I unfortunately have to tell you the truth. That makes me very unpopular, by the way, but, that is neither here nor there. I am trying to save as many of you as possible.
