

Enoch, Elijah and Ebola

This will be sort of a potpourri of Bible Prophecy occurring today, October the 14th, 2014. This is one day after the fourth anniversary of that Chilean mine rescue and disaster which, as I have always said, was the beginning of the Seven Years of Tribulation (1). So we are now well into the second half of the Seven Years of Tribulation, in other words, the Great Tribulation has already begun and that began, or at least it was marked as the beginning, when Almighty God knocked over that gigantic crucifix in Northern Italy which killed an unfortunate young man who happen to live on Pope John the 23rd Street and that was clearly Almighty God letting us know that he was unhappy with the two major events of that week.

One event was when Pope Francis called that Argentinean woman and said she could receive Communion even though she was living with a divorced man outside the Church. The other event was that horrible mark of the One World Religion which appeared at the canonization ceremony of the two Popes.

And all we have to do is read what is coming out of the Vatican Synod these days to understand that Revelation 11:2 is also being fulfilled. In Revelation 11:2, the 'holy city' is trampled underfoot by the Gentiles for forty two months. The 'holy city' in Revelation 11:2 refers to Rome whereas in Revelation 11:8, Jerusalem is the 'great city', which is also called a 'Sodom and an Egypt' and we also see that fulfilled because Tel Aviv has been designated as the gay capital of the world by the government of Israel.

Again, in Revelation 11:2, John was told to measure the temple but not the externals of the temple. That's because all of the churches, all of the cathedrals, the Vatican, all the parochial schools, colleges and universities like Notre Dame and Georgetown, they have all been given to the Gentiles. So where is the Church? Jesus promised the 'gates of hell would not prevail' against his bride'. John is told by the angel to measure those who worship at the altar. That's where the Catholic Church is found today. You cannot find it any longer in the Vatican.

And now, on this program I specifically want to talk about a plague, Ebola, which I'm sure, is one of the plagues Jesus warns about in Matthew's Olivet Discourse. And who is responsible for this plague? There's a lot of theories out there but I'm telling you it is the Prophets Enoch and Elijah. This plague is a punishment upon mankind. As you know, I have been saying all along that Enoch and Elijah returned in the Fall of 2010 and in fact, on 9-11-2012, the Prophet Elijah announced '***I am here***' in that amazing fire tornado in Australia. And I will put the link below because Paul Begley Technology did a wonderful video and you can clearly hear Elijah say, '***I am here***'. Now, when I say /clearly/, that doesn't mean that it is loud. Our Lord speaks in whispers but you can hear it and it is clear.

So if Enoch and Elijah are here, as I prophesied they would return, then I believe they are fulfilling their duties and one of them is to bring plagues upon mankind. Another is to cause all these fish, bird and animal die-offs, and I said at that time, that if mankind did not repent following the fish, bird and animal die-offs would come human die-offs and that is what this Ebola plague is all about.

Enoch and Elijah also cause rain not to fall, in other words, they are responsible for the drought in California. And when people realize this, after the Two Witnesses have announced themselves publicly, and we know who they are and they tell us what they have been doing, people will be very upset and they will rejoice when the One World Government kills them in Jerusalem.

At this time, we have a President who wants to spread Ebola. That's why he is sending troops to Nigeria and West Africa in order that they can come back infected and spread it to the rest of us. You have to understand the One World Government does not want to put those countries under quarantine. They want to put YOU under quarantine. They want to put healthy people under quarantine. That's because if you do not take the mark of the beast, which will include an Ebola vaccination, you won't be allowed into the marketplace or into the workplace because you will be a threat to others according to the One World Government. And it's far more important to them to quarantine you than it is to stop Ebola. They want to keep you in your homes, not the people in West Africa in their homes.

So, in conclusion, I just wanted to touch on a few of the very obvious fulfilments of Bible Prophecy we are seeing all around us but I do not like to leave on a negative note. As I have often said, the solution is Mary's Rosary. Mary is prophesied way back in Genesis 3:15 to '**crush the head of the serpent**' and if your Bible says HE shall crush, that is a poor translation. I would advise you to get a Catholic Douay-Rheims translation which is correct, certainly at least as far as Genesis 3:15 goes, because it is prophesied that the woman will crush the head of the serpent and that woman is Jesus' mother, the Blessed Virgin Mary.

1) Although the Great Tribulation has been delayed, the Chilean Mine Disaster and Rescue was definitely a prefiguring of events leading up to Armageddon.
