

Putin's Divorce in Bible Prophecy

This will be just a very brief video commenting on the news we all received just a few hours ago that Vladimir Putin and his wife are divorcing. This has tremendous Biblical significance! As I have been saying for five years now on YouTube, both Vladimir Putin and Barack Obama are found in Bible prophecy. They are the last 'King of the North' and the last 'King of the South', as found in Daniel, chapter number 11.

And I always had a slight doubt about Putin being the last 'King of the North' because he had what appeared to be a normal marriage. If we look at Daniel, chapter number 11, verse number 37, the last 'King of the North' has a big problem with women. Let's look at two different Biblical translations of this passage. The King James version of Daniel, 11:37, would seem to indicate that the last 'King of the North' will possibly be a homosexual: **'Neither shall he regard the god of his fathers nor the desire of women, nor regard any god: for he shall magnify himself above all'**. As I said, that's the King James version. The Catholic Douay-Rheims translation is very different: **'And he shall make no account of the God of his fathers** (that's the same as the King James) **and he shall follow the lust of women'**. But that is just the opposite.

So, where does Putin fit in here? Does he not desire women or does he follow the lust of women? I think there will be a lot of speculation tomorrow in the news media, which is it? Why is Vladimir Putin divorcing his wife? In a way, it doesn't matter because both translations indicate this last 'King of the North' has some kind of disconnect with women and Putin's divorce shows he may fulfill the prophecy better than I have previously indicated.

But, don't expect the news media or even the false prophets on YouTube to understand the tremendous Biblical significance of Putin's divorce. As I have been saying all along, Daniel 11, verses 36 to 40, describes the last 'King of the North' and not the Antichrist.
