

Amazing 666 Pope Francis Photo

One of my subscribers has alerted me to a very interesting video by Paul Begley who discovered a promotional photograph of Pope Francis with several of his Cardinals; the poster is promoting his visit next year to Philadelphia in September of 2015. And the amazing thing about this is the way the red sashes on the Cardinals in the photo indicate a Hebrew letter called Vav and in Hebrew, the Vav letter signifies the number 6 and as you can see, there are three 6's on the left of the image and 2 on the right. And I will explain shortly how that arrangement signifies 666.

Now, Paul Begley did not understand why there are five of them in this photograph, but as you can see in this diagram, the Hebrew letter Vav indicates the number 6 and therefore, Vav - Vav - Vav would be 666.

There is no doubt this is a sign from Almighty God and God has given us many indications in the past about this Pope. The previous Pope, Pope Benedict, is a good pope, but Pope Francis is the False Prophet.

For another sign, when Pope Francis was elected, when that white smoke came out of the Vatican chimney, do you remember that timing?

It occurred at exactly 6 minutes past 7pm, local time. In the European System of counting that was 19:06 when but you subtract 12 from 19, that gives you 7:06 pm and what is 7:06? That is 6 pm, plus 60 minutes, plus 6 more minutes: 666. Now, that was not accidental any more than this number 666 in Paul Begley's discovery is accidental.

And does Almighty God talk to us in Biblical numbers? Well, of course, He most certainly does. In fact, in the book of Revelation, Saint John says twice **'you need wisdom and understanding'** and both of those times he is talking about numerology. In Revelation chapter 17, verse 9 he says: **'And here is the understanding that has wisdom. The 7 heads are 7 mountains, upon which the woman sits, and they are 7 kings.'** 777 is a mystical number. And, in Revelation, chapter 13, verse 18, John writes: **'Here is wisdom. He that has understanding let him count the number of the beast, for it is the number of a man: and his number is 666.'**

Now, as you, my subscribers know, there is another very interesting expression of the Antichrist and that is the fraction 2/3's or 2 before 3 and that number is also found in Paul Begley's photograph but he did not understand the meaning. When you place 2 before 3 you get the fraction 2/3rds which yields the decimal .666. Now some of you might say that the 3 Vavs are to the left of the number 2, in other words, 3 is before 2 but remember, these are Hebrew letters and Hebrew is read from right to left. In other words, yes indeed, the two Vavs on the right and the three Vavs on the left indicate 2/3's in the Hebrew method of writing. 2/3's is another expression of the Antichrist because it expresses man (2) before God (3) and equals .666.

Of course, Paul Begley is not going to give you the solution to the number of the Antichrist but Almighty God throughout the Bible does give us the solution. The number which defeats the Antichrist is the number 555 and that symbolizes Mary's Rosary and Almighty God also showed us that number at the Vatican when Pope Benedict resigned. Remember, the lightning struck the Vatican at exactly 5:55. That was not accidental either. Take a close look at that clock on the Vatican:

5 minutes before 6 is indeed 555. So, as I have said many times on this program, what you need to do, your solution to the number 666, whether you find it in the Vatican or very soon here in the United States, you must take up your weapon against the Antichrist and that is Mary's Rosary.
