

## Evil Vatican Logo for Pope's Visit to Cuba

Lately the Vatican has become a logo factory and when the Pope visits Cuba he will have his own special logo just to commemorate this trip.

PAPA FRANCISCO  
EN CUBA

And of course, the Pope is visiting Cuba a few days before he comes to the United States in September, and these trips are significant, and I will cover that in a later program. On this program I want to analyze another

evil satanic logo from the Vatican. Now just to be fair to them, I want to give you their explanation of what this logo represents.

*"The Cuban government has launched a website for Pope Francis' upcoming visit to the island in September. The site also reveals the logo of the Holy Father's visit. The logo which is inspired by the image of Divine Mercy," well that is a huge stretch. This doesn't look anything like the Divine Mercy; "forms part of the liturgical program and the message the Pope will bring to Cuba. The symbolic elements of the logo are a hand, a cross and a white star in various colors."*

Well, the various colors are red, blue and yellow. That would ordinarily symbolize the Father, Son and Holy Spirit, because those are the three primary colors of the universe, and they symbolize the Divine Trinity. But in the End Times, when you get a perverted image like this, then they represent the perverted Trinity, the Trinity of the End Times and that would be the Antichrist, the False Prophet and Satan, and that's exactly what we see here. And this little news release continues; *"The colors of our flag are present together with a single star that indicates its national character."* Well this single star, if you look closely, is upside down. This does not look like the single star on a Cuban flag.

On the Cuban flag, the star is a white star and a triangular red background and the logo which we are supposed to accept represents Cuba that red part does not look like a triangle, and as I said, the star is upside down.

Now what does it upside down five pointed star represent? Well take a look at this Baphomet image.

Baphomet that wore a goat's head is very often represented in a five pointed star upside down, and that is what we see in this Vatican logo.

Now the overall shape is a heart shape, that is the red and the yellow put together. The hand I suppose, maybe represents the Pope. It has only two fingers and a thumb. The two fingers represent a 'V'. That represents the fifth age, the last Kingdom on earth, which is the one world communist tyranny. And also, if you ask me that hand looks like it's making an okay sign, which is sexual by the way. Look it up if you don't believe me, and therefore the cross, which is not a true cross, it's again a perverted cross; it's rounded, it has a wavy form. In this case it represents a physical phallic shape, in my opinion, and it's penetrating the yellow hand shape. To me, this is another evil, sexual image out of the Vatican. It's a perversion of the true cross in these End Times.

And that brings us up to the significance of all these evil satanic sexualized logos coming out of the Vatican. It tells us that the holy city is being trampled underfoot by the Gentiles, and will be for 42 months, as prophesied by John in his chapter 11 verse number 2 of the Book of Revelation. The End Times are here now. Bible prophecy is being fulfilled before our eyes. Don't forget in the End Times, the cities of Rome and Jerusalem, their roles are reversed. Jerusalem is a Sodom and an Egypt. It has become the great city, whereas Rome is the holy city, because it is the home of the Roman Catholic Church and evil satanic Vatican logos like this one, prove to us that the holy city is being trampled underfoot by the Gentiles. Bible prophecy is being fulfilled before our very eyes. And I want to thank another one of my subscribers for bringing this logo to my attention, and I misplaced your email somewhere, so if you want to identify yourself, please leave a comment below.
