

## **America Will Be Hell on Earth After World War 3**

On this program I want to explain what life will be like in the United States following World War 3. In previous videos I've discussed, how Barack Obama will be our last President and how he will lead this nation into defeat against the forces of Communism.

Let's review what Daniel says in chapter 11, verse number 40. 'And at the time of the end shall the King of the South', and that is Barack Obama, 'push against him'. Push means provoke, and the one he provokes is the Premier of Russia, 'and the King of the North shall come against him like a whirlwind'. The King of the North, as I said, is the Premier of Russia, and he comes against Barack Obama, like a whirlwind, which means with airpower, and planes and missiles; and Daniel continues, 'and with many ships and he shall enter into the countries', and the two countries he is talking about are England and America, 'and shall overthrow and pass through'.

This phrase like a whirlwind is verified elsewhere in Daniel and in Revelation. In the book of Revelation, St. John writes, that the second woe comes very quickly. In other words "very suddenly", and that Babylon, which is America and England, will be destroyed in one hour. The second woe which destroys England and America is World War 3. In Daniel, Chapter 8, the prophet describes a battle between a goat and a ram. The two horns on the ram symbolize England and America, and they are broken by the single horn on the goat which symbolizes Russia. Here, Daniel also verifies the concept of a whirlwind when he says that the goat's feet do not touch the ground. That means that Russia's attack against the West will be by stealth and by airpower.

The question is will America survive World War 3? Let's see what Daniel says in chapter number 7, verse number 12. 'Concerning the rest of the beasts, and the beasts that he is talking about are, the bear the lion and the leopard, which symbolize Russia, England, and America, they had their dominion taken away, yet their lives were prolonged for a season and a time. This means that the three beasts, including America, will not be totally destroyed in World War 3. Even though America will no longer wield any influence on the world stage, many Americans will survive World War 3. But, what will our lives be like?

St. John gives a much more complete description of life in America in the book of Revelation. In chapter 18, verse 2, St. John writes:

'Babylon the Great is fallen, is fallen and has become the habitation of devils, and the hold of every unclean spirit, and the hold of every unclean and hateful bird'. Notice, St. John describes four different kinds of evil spirits. Later on he describes four evil conditions in the United States, which probably explain what these four demons represent.

In chapter 18 verse 14, St. John writes about the economy: 'and the fruits that your soul lusted after, are departed from you, and all fat and goodly things are perished from you, and you shall find them no more.' This is why all the merchants of the earth weep and moan when Babylon is destroyed, because, of course, America is the greatest importer of foreign goods in the world.

Please don't listen to the false prophets, who say that Babylon is the Vatican, or maybe the Catholic Church, or maybe Israel. There is no religion or other country in the world that would be so devastating to the world economy than the destruction of America. The United States and England, that is Capitalism, that is the whore of Babylon that will be destroyed in World War 3.

In chapter 18, verse 22, St. John describes a second major effect of World War 3: 'and the voice of harpers and musicians and pipers and trumpeters shall be heard no more at all in you, and no craftsman whatsoever shall be found anymore in you. Now, in America, practically every city with a population of 100,000 or more has both an art museum and a symphony orchestra. Luxuries like that will no longer be afforded by Americans following World War 3. And the third major consequence of World War 3 will be famine, as St. John writes in verse 22, 'and the sound of the mill shall be heard no more in you.'

The goal of the "one world order" is to reduce America to a "third world nation", and they will succeed. Let's see what the fourth effect of World War 3 will be on America, according to St. John. In verse number 23 he shows how our freedoms will be taken away: 'and the voice of the bridegroom and bride shall be heard no more in you'. America will follow the exact same policy as Communist China. You will need a permit to have children.

That's why Our Lord warns that in the End Times he says: "Woe to those who are with child". With the loss of these four great attributes of our nation, it is easy to see why life in America will become "Hell on Earth". We also need to understand, that World War 3 will be God's

judgment on America, as St. John writes in verse number 8; 'this is God's judgment and she shall be burnt with fire, because God is strong who shall judge her. In verse number 24, St. John enumerates America's crime; 'and in her', (that is Babylon/America), 'was found the blood of prophets, saints, all who are slain on earth and the blood of his servants is at her hands'.

Now, we need to understand that St. John is not writing about one group here. The Prophets refer to raptured Protestants, the Saints refer to protected Catholics, the slain refer to the Holy Martyrs, and the servants are the converted Jews. These are the four groups, who will return with Christ and reign during the Millennium. What this means is that many of the babies aborted in America would have survived into the Millennium had they been allowed to live.

This is a terrible indictment of our society. 50 million dead babies outdoes any holocaust of Hitler, Mao, Stalin or even Pol Pot! And, I believe also that all of the evils of those regimes will come to America. We will have our own gas chambers, killing fields and cultural revolutions. Back in chapter 6, St. John writes about the souls under the altar who cry for vengeance. The souls under the altar suggest human sacrifice, and that is exactly what abortion is; the killing of the innocent, for the sake of the lifestyle of their elders, who should most certainly know better! Personally, I give America less than 20 months to repent before Jesus will bring judgment upon this nation.
